

A passionate artist from Turkey, Semsi moved to Canada in 1999 to live with her daughter after her husband passed away. Semsi has been attending our English classes for 10 years and has since then become a sewing instructor at our centre! Many women that immigrate to Canada are taught only homemaking skills in their home country and Semsi takes great pride in empowering women with these skills to create self-sustainable lifestyles that can help them earn an income. Throughout the pandemic Semsi has made hundreds of facemasks, purses, and wallets- the link to her items can be found here [@supersemsi](#)
