The Alberta Symposium On Human Trafficking

October 12 - 14, 2007

Red Deer Lodge
Red Deer, Alberta

About

The Symposium is multi-disciplinary in focus and provides a community forum for understanding human trafficking in our province. Everyone is welcome to attend to learn more about this issue.

Besides providing the general public with a basic understanding of human trafficking, the Symposium will begin to develop a human trafficking protocol for the province of Alberta by bringing together key stakeholders in government agencies, law and enforcement, faith-based groups, service agencies and the immigrant-serving community.

Human Trafficking

Human trafficking has been described as a modern form of slavery. It is a serious human rights violation and is reported by the United Nations to be the fastest growing form of transnational organized crime. In 2004, the Royal Canadian Mounted Police estimated that 600-800 persons are trafficked into Canada annually and that an additional 1,500-2,200 persons are trafficked through Canada into the United States. Women and children are trafficked from Africa, Central and South America, Eastern Europe, and Asia for sexual exploitation. Most trafficking victims have been identified from source countries in Asia including South Korea, Thailand, Cambodia, Malaysia, and Vietnam. (US Department of State Trafficking in Persons Report, June 2006)
